

Paint beyond  
Color

INDOTEX<sup>®</sup>  
PAINTS PVT. LTD. 

## INTRODUCTION

Indotex Paints came to existence with the sole goal to be a provider of Quality and Durable products based on latest available technology to enhance the satisfaction of our clientele. We strive hard to provide large range of products & pricing so as to match every budget. We work towards enhancing our clientele's experience by catering to their every paint, coating, texture & ancillary need that they may come across.

Our work reflects our reliability, commitment to quality and excellent performance in the Building & Paint Industry as we now **Paint Beyond COLOR.**

## ABOUT COMPANY

We are one of the leading paint manufacturing units in the state of Gujarat, situated at Santej, near Ahmedabad and in operation since 1984.

We have our presence in 6 Indian states namely Gujarat, Maharashtra, Andhra Pradesh, Goa, Madhya Pradesh and Karnataka and expanding. Since our inception in 1984, we have emerged as a leading manufacturer of paints and other coatings, formulated to protect against every possible environmental & atmospheric corrosion.

Our Experience, Dedication and Commitment to satisfy our clients with quality products has made us one of the reputed names in the field of Exterior & Interior Decorative Water Base Acrylic Paints, Oil Base Paints, Textures, High Performance Industrial Coatings & Ancillaries. We continuously strive in the development of Quality & Durable products. Our Hi-Tech Modern quality control laboratory ensures that.

## WHAT SETS US APART FROM THE REST...

### Availability

All our products are readily available in the quantity needed around the clock and around the year. Our manufacturing units ensure that we can deliver quantity of products with no compromise on quality whatsoever.

### Large Range

We are one of the few brands in the market that have a large range to select from in terms of paints, coatings and finishes to match the distinctive needs of our clients.

### Economic Pricing

We have the ability to provide Quality & Durable paint products at a Cost-Friendly rate.

### Experience

We have been around for over more than two & a half decades and evolved ourselves to meet the needs of the market with our experience & knowledge. This has served us and our clients well.

### Eco-friendly Paints

Indotex Paints are low VOC paints. Unlike conventional paints, they do not emit any VOCs, biocides, plasticizers, lead or any other hazardous air pollutants after application.
